

Delphi Connect Quick Install Instructions

Record your Registration Key and Device IMEI from the label on the device.

Registration Key _____

IMEI _____

You will need this information to log into the Delphi Connect account.

Find Your Vehicle's OBD Connector Port

It's usually on or under the dash, on the driver's side.

Install Your Module

- Make sure your vehicle is parked outside and the engine is turned off. Make sure you have a strong cellular signal.
- Plug the module into the OBD port and wait for the Status LED to turn solid blue. This process may take up to a minute.

Initiate Module Setup

- Insert your vehicle's ignition key and turn it to the ON position (not ACC/Accessory). **Do not start the engine!**
 - All of the warning lamps on the dashboard will illuminate briefly.
 - For pushbutton-start vehicles check your vehicle owner's manual to determine how many presses are required to turn the ignition to the on position.
- Press and hold the Function Button on the side of the Module until the Status LED blinks red one time. This will occur after approximately 5 seconds. Then release the Function Button.
- Wait up to 30 seconds for the LED to display a mix of solid and blinking colors. When the LED begins to flash blue every 10 seconds, setup is complete.

Verify Module Setup

- Start the engine and let it run for at least 30 seconds.
- Stop the engine and wait at least 20 seconds.

You are now ready to access your vehicle information using the Delphi Connect app.

For helpful installation Tips – See delphiconnect.com/install

Log into your Delphi Connect Account

You can login to your account using the smartphone app or the website at: all.delphiconnect.com

The smartphone app is available from the Apple and Google Play app stores.

Search for the “Delphi Connect” app.

You will find two apps that are similar, but not identical:

Install the “Delphi Connect” app.

For the username enter the Registration Key you recorded above including the hyphen.

For the password enter the device IMEI you recorded above.
